Autumn / Winter 2011

UN UNITED NUDE™

United Nude stretches the limits of design with artistic structural footwear collections for women and men. Launched in 2003, United Nude has established itself as an internationally iconic brand at the intersection between architectural designs and fashion, creating show-stopping collections season after season.

For Autumn / Winter 2011 the collection includes a mix of amped up classics and introduces vintage-inspired boots and ballet flats that maintain United Nude's promise of high quality materials, unique design and innovation. This season United Nude has introduced new materials and combinations such as wood, velvet, tweed, nappa, calf and rugged leather lending a contemporary approach to the designs while also providing a comfortable fit.

United Nude reinvigorates the classic Eamz style with the **Eamz Ankle Bootie** and the **Eamz Zip Boot**. The **Eamz Zip Bootie** is a nappa leather ankle bootie with a side zipper that adds detail to the iconic style.

Following upon the success of the Fold Hi, Fold Mid and Fold Lo, a best-selling style for United Nude worldwide, the brand adds the **Fold Deluxe** to its arsenal, a sexier compliment to the elastic bootie with a new slimmer heel and a slight platform.

Prompted by the successful launch of the Abstract for SS11, United Nude introduces the **Abstract Pump** this Autumn / Winter, an avant-garde wedge featuring a geometric-inspired block heel with a wooden front platform. Rounded metal studs embellish the sides of the shoes.

United Nude also debuts the **Battery**, a classic ankle bootie made with soft luxurious nappa leather and available in must-have colors: black, brown mix and grey mix.

About United Nude

United Nude is a designer brand created by architect **Rem D Koolhaas** and shoemaker **Galahad Clark**. Located at the intersection of design and fashion they create products with new shapes, new constructions and new materials, pushing boundaries of what is possible. The motto "exclusive by design, not by price" has allowed rapid growth into an international brand with a very distinctive style. In the last two years United Nude has ten stores worldwide including flagship stores in Amsterdam, New York and Shanghai and an upcoming flagship store in London will open this summer.
